WORK/INTERNSHIP (DATA FOR THE LATEST COMPLETED ACADEMIC
YEAR; 2022-23)**

DEPARTMENT OF BOTANY

REPORT ON EDUCATIONAL ONE DAY VISITS / LONG EXCURSION

Department of Botany, Rabindra mahaviyalaya, Champadanga follows the Syllabus under The University of Burdwan. The Syllabus of (Semester III and VI) of Botany Honours (under CBCS *w.e.f.* academic year 2017-18) includes experimental learning through project work/field work and so they have to participate in theoretical as well as practical learning approaches. In this regard, Department organizes visits either locally or to distant locations occasionally and students of all the semesters took active participation. This is done mainly to develop the skills of critical thinking and data analysis. In these type of events they also interact either with local people or scientists and gather relevant information for the subject.

Local field studies, visit to Botanical Gardens or Herbarium, long excursions facilitates the student to get a comprehensive understanding about the vegetation and diversity of different types of plants. In addition to this, morphological, anatomical, physiological, cytological studies motivate the students to experience hands-on-training and develop skills that can help them in future studies or professional activities.

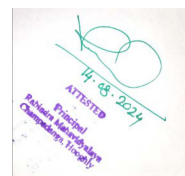

**1. PORTIONS FROM THE SYLLABUS INCORPORATING FIELD VISITS/PROJECT
WORK DURING THE ACADEMIC YEAR 2022-23**

THE UNIVERSITY OF BURDWAN

**Curriculum and Syllabus For 3-Year B. Sc. (Honours)
in
Botany**

**Under Choice Based Credit System (CBCS)
(*w.e.f.* Academic Year 2017-2018)**

Structure of B.Sc. Honours Botany under CBCS

Core Courses

1. Microbiology and Phycology
2. Archegoniatae
3. Mycology and Phytopathology
4. Morphology & Anatomy of Angiosperms
5. Plant Ecology & Phytogeography
6. Plant Systematics
7. Economic Botany
8. Palaeobotany & Palynology
9. Biomolecules and Cell Biology
10. Molecular Biology
11. Plant Physiology
12. Plant Metabolism
13. Genetics & Plant Breeding
14. Plant Biotechnology

Discipline Specific Electives (Four)

SEMISTER - V	DSE-1. (Any One) 1. Techniques in Plant Sciences 2. Reproductive Biology of Angiosperms (Rep. Biol. of Angio.) 3. Sylviculture & Forest Management (Sylvi. Cult. & Forest Mangt.) DSE-2. (Any One) 1. Biostatistics; 2. Bioinformatics; 3. Natural Resource Management (Nat. Res. Mgmt)
SEMISTER - VI	DSE – 3(Any One) 1. Phytoremediation & Immunology (Phyt. Rem & Immn) 2. Plant Evolution & Biodiversity (Plnt. Evl. & BioDev) 3. Marine Biology & Phycotechnology (Mar. Biol. & PyTec) DSE – 4 (Any One) 1. Horticulture Practices & Post-Harvest Technology (. Hort. Pract. & PHH) 2. Industrial and Environmental Microbiology (Ind & Env. Microb.)

Semester III

Core Course 5 : Plant Ecology and Phytogeography
(Theory-4, Practical-2)

Credits: 6

14-08-2024
ATTENDED
Principal
Chandrasekhar, Hareddy

Practical

1. Study of instruments used to measure microclimatic variables: Soil thermometer, maximum and minimum thermometer, anemometer, psychrometer/hygrometer, rain gauge and lux meter.
2. Determination of pH of various soil and water samples (pH meter, universal indicator and pH paper)
3. Analysis for carbonates, chlorides, nitrates, sulphates, organic matter and base deficiency from two soil samples by rapid field tests.
4. Determination of organic matter of different soil samples by Walkley & Black rapid titration method.
5. Determination of dissolved oxygen of water samples from polluted and unpolluted sources.
6. Ecological adaptations of some species: *Ipomoea aquatica* stem, Phyllode of *Acaccia auriculiformis*, *Nerium* leaf and *Vanda* root
7. Determination of minimal quadrat size for the study of herbaceous vegetation in the college campus, by species area curve method (species to be listed).
8. Field visit to familiarize students with ecology of different sites.

Core Course 6 : Plant Systematics

Credits: 6

(Theory-4, Practical-2)

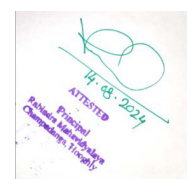

THEORY

Lectures: 60

Practical

1. Study of vegetative and floral characters from the locally available plants of the following families (Description, V.S. flower, section of ovary, floral diagram/s, floral formula/e and systematic position according to Bentham & Hooker's system of classification):
Dicotyledons: Malvaceae, Fabaceae, Euphorbiaceae, Apocynaceae, Asclepiadaceae, Solanaceae, Scrophulariaceae, Lamiaceae, Verbenaceae, Acanthaceae, Rubiaceae, Asteraceae.
Monocotyledons: Liliaceae, Poaceae.
2. Field visit -
3. Demonstration of mounting of a properly dried and pressed specimens of any wild plant with herbarium label (to be submitted in the record book).
4. Submission will include only herbarium sheets of 15 common angiosperms from local flora (EXCLUDING ENDANGERED AND THREATENED SPECIES). Emphasis should be given in preparation field record book with photographic documentation.

[N.B. One field excursion is recommended for familiarization with the flora. In addition, the field visit to AJC Bose Indian Botanic Garden and CNH, Shibpur, Howrah is desirable.]

Core Course 7 : Economic Botany

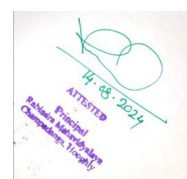

Credits: 6

(Theory-4, Practical-2)

Practical

1. **Cereals:** Rice(habit sketch, study of paddy and grain, starch grains, micro-chemical tests).
2. **Legumes:** Soybean, Groundnut, (habit, fruit, seed structure, micro-chemical tests).
3. **Sources of sugars and starches:** Sugarcane (habit sketch; cane juice- micro-chemical tests), Potato(habit sketch, tuber morphology, T.S. tuber to show localization of starch grains, w.m. starch grains, micro-chemical tests).
4. **Spices:** Black pepper, Fennel and Clove (Macromorphology).
5. **Beverages:** Tea (plant specimen, tea leaves), Coffee (plant specimen, beans).
6. **Sources of oils and fats:** Coconut- T.S. nut (photograph), Mustard—plant specimen, seeds; tests for fats in crushed seeds.
7. **Essential oil-yielding plants:** Habit sketch of *Rosa* and *Eucalyptus*- specimens/photographs.
8. **Rubber:** specimen, photograph/model of tapping, samples of rubber products.
9. **Drug-yielding plants:** Organoleptic study of specimens of *Andrographis* and *Catharanthus*.
10. **Woods:** *Tectona*, *Pinus*: Specimen, Section of young stem.
11. **Fiber-yielding plants:** Jute (specimen, transverse section of stem, test for lignin on transverse section of stem and fiber)

N.B. – Students are required to submit a **PROJECT COPY** containing photographs of all above mentioned “Economically Important” plants with few identifying characters, economic use and local names.

Discipline Specific Elective

DSE - 3 (any one)

(2) Plant Evolution and Biodiversity Credits: 6 (Theory-4, Practical-2) Theory Lectures 60

Unit 1: Earliest forms of plant life: the earliest environment; formation of first cell; first prokaryotes; evolution of eukaryotes. **(12 lectures)**

Unit 2: Evolutionary trends: green algae to land plants; non-vascular to vascular plants; gymnosperm to angiosperms; evolution of plants using C₄ and CAM photosynthetic pathway. **(12 lectures)**

Unit 3: Phylogeny of plants: the archetypes of plants; evolution in major groups of plants. Phylogeny of flowering plants: Basal flowering plants and Eumagnoliads; Monocots; Eudicots; Core eudicots. **(12 lectures)**

Unit 4: Evolutionary theories: Natural Selection, Group Selection, Neutral theory of molecular evolution. **(12 lectures)**

Unit 5: Plant diversity around the world: aquatic and wetland plants; halophytes; plant of low-nutrient conditions; plants of moist shady habitats (Sciophytes); epiphytes; climbers; plants of cold or hot arid habitats; island floras. **(12 lectures)**

Practical (Credit 2)

1. Study of vegetative and reproductive structure of aquatic plants (*Nostoc*, *Chlamydomonas*, *Oedogonium*, *Vaucheria*, *Polysiphonia*).
2. Study of vegetative and reproductive structure of plants of moist shady habitats (*Marchantia*, *Funaria*, *Pteris*).
3. Leaf anatomy of *Suaeda*, *Avicennia* and *Hertiera* (Halophytes)– Photographs
4. Morphological and anatomical study of *Hydrilla*, *Vallisneria* and arum.
5. Morphological and anatomical study of plants of arid habitat (*Nerium* and *Pinus*).
6. Field visit and report preparation.

Discipline Specific Elective

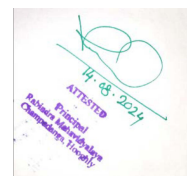

DSE 4 (any one)

(1) Horticultural Practices and Post-Harvest Technology (Theory-4, Practical-2)

Credits: 6

Field trip and Practical

Field visits to gardens, standing crop sites, nurseries, vegetable gardens and horticultural fields at IARI or other suitable locations (like Horticulture Society of India, Alipore Kolkata) and preparation of Detailed report with suitable photographs.

Dear Sir/Madam,

This is to inform you that a group of 20 candidates including the IIIrd and Vth Semester students, teachers and staff members of Department of Botany, Rabindra Mahavidyalaya, Champadanga, Hooghly -712401 (affiliated under The University of Burdwan) are willing to organise an educational tour to Acharya Jagadish Chandra Bose Indian Botanic Garden on **25th November, 2022**. It is a part of their course curriculum and would enhance their knowledge in understanding plants habit and habitat conditions.

Therefore, I request your favour to allow our students and departmental members to visit the **Central National Herbarium** of your institute and provide the required guidance in this regard. For further correspondence, the contact details of HOD, Botany is provided: Dr. Shelly Sinha (Assistant Professor in Botany), E mail id: rnvbotany@gmail.com, Contact number: 9051875925.

Thanking you in anticipation.

Students and teachers of Botany Department at Central National Herbarium on 25/11/2022

On 25th November 2022, an educational excursion to Acharya Jagadish Chandra Bose Indian Botanical Garden was organized by our College. We were a total team of 16 members consisting of students from the third semester, faculty members and staff members of the same department. The Central National Herbarium (CAL), popularly known as CNH or Calcutta herbarium, is the oldest and largest herbaria in India. Dr. William Roxburgh, the first regular Superintendent of the East India Company's Garden at Shibpore (Shibpur), Howrah established this herbarium in the ground floor of his residence in 1795.

Acharya Jagadish Chandra Bose Indian Botanical Garden, formerly known as Indian Botanical Garden and Calcutta Botanical Garden, is located in Shibpur, Howrah near Kolkata. The Medicinal Plant Section or Charak Udyan is a very important section of this garden that has a collection of more than 200 medicinally important plants arranged in 196 beds that covers most of the plants mentioned in Charak Samhita by Maharshi Charak. This section has an exclusive collection of Coco, Nutmeg, Gurmar, Cocaine, etc. It was opened for students in 1990.

Department of Botany along with Honours students conducted an educational excursion to Rishop, Kolakham and adjoining areas. Journey started on 15/05/2023 from Sealdah to New Jalpaiguri. The team has taken rest for the night and the journey started on 16/05/2023 from New Jalpaiguri to Munthum Valley via Lamhata and Tinchuley. Students have studied the habit and habitat of different bryophytes, pteridophytes and gymnosperms. Then the team halted the night at Munthun Valley and on next day 17/05/2023, they started for the Kolakham via Rishop. After the night haltage at Kolakham the team started next day (18/05/2023) for Pedong and adjoining areas including Reshi in Sikkim. Finally after night haltage at Pedong, the team started their return journey on 19/05/2023. This complete trip gave the students a comprehensive knowledge regarding the habit and habitat of flora within hilly areas and the biodiversity present within these areas.

Report
On
Departmental Educational Excursion (Field Trip)
(18th April, 2023 to 23rd April, 2023)
Department of Defence Studies & Physical Education
Rabindra Mahavidyalaya, Champadanga**

Event: Departmental Educational Excursion

Title: Defence Tour of North-East India

Theme: “Mountain lifestyle of soldiers”

Date: 18th April, 2023 to 23rd April, 2023

Scope: Semester VI Students

No. of participants: 27 (Students-21 & Teachers-05)

Objective: 1. To increase (General) knowledge about several borders of India.
2. To gain knowledge about Military geography of the region.
3. India China border problem
4. History of McMahon line
5. Importance of Nathula by-pass
6. Importance of border of Sikkim Darjeeling region. Students can understand firsthand.
7. To create and expand new knowledge.

Highlights: The Department of Defence Studies organized a Educational Excursion with Physical Education Department for SEM -VI students at Munthum Valley, Kalimpong, Lava etc from 18/04/2023 to 23/04/2023. 21- Students of Semester –VI & 5-Teachers participated in the Educational Excursion. Students were divided into four groups- A, B, C, D. **The tour based on the theme- “Mountain lifestyle of soldiers” keeping in mind the opportunities for the students to explore and experience practically what they have learned in the classroom. Altogether 27 students & 4 teachers & 1 lab attendant of the both Department participated in the educational excursion.**

Major findings:

Students learn how dangerous the mountain life style of soldiers is and how to navigate mountain roads and how to climb and how to descend mountains. Students understood the importance of borders of country. Students learn about the practicalities of Defence Science - Indo- China border, military geography, and the importance of the region. Students are meant to defend India.

Tour Report

Rabindra Mahavidyalaya
Champadanga, Hooghly
Department of History
Tour Report

Date: 05.01.23.

The Department of History had arranged an excursion to Kahalgaon in the Bhagalpur district of Bihar for the students of HISH 3 for their SEC 1 Paper from 15.11.22 to 17.11.22. The visit was conducted successfully.

This educational Tour is an indispensable part of their study as our Department has opted for the SEC 1 paper with entitled 'Archives and Museums of India'. The students of HISH 3 thus got an opportunity to get practical knowledge regarding museum management, preservation, exhibition, collection of objects etc. They also had witnessed nearly 800 years old remains of artefacts at the Vikramshila Vihar archaeological site, which was built by the famous Pala Monarch Dharmapaladev.

Number of students participated: 11 (Eleven)
